SKILLSHOUSE UPDATE

Local MP, Philip Davies, visited Skillshouse in action at Forster College in July and this proved an excellent insight into the kind of work Skillshouse is currently doing with young people in Bradford.

This event focused on interview skills and all participants thoroughly enjoyed this fun, interactive teaching session provided by some of SkillsHouse very own Employment Coaches. From this session they were able to sign up 4 clients on the Youth Employment Hub and are aiming to enrol all 10 attendees.

The participants asked the local MP questions on Kickstart and also how to obtain jobs in the retail sector. They were provided with tips on how to prepare for retail interviews and how to use a “TLC” approach, when questioned on this the local MP stated you need to “Think Like a Customer” – a very useful tip for our aspiring retail job seekers which they said they will now use. All of the participants would like to attend further workshops that could help them on CVs, Application forms and digital skills.

Skillshouse is now looking to replicate this kind of employability session throughout various community locations in Bradford, this should help meet the diverse range of needs in the district!
